

Good morning one and all,

I am profoundly honored to get the opportunity today to welcome each and every one present here on behalf of RIMS International School on the auspicious occasion of Annual Day celebration to celebrate our success, showcase our talents, and be grateful for our fortune. The glittering faces of our students who sit forth me today are the bright future of this country tomorrow.

I want to convey my gratefulness to our management, Parents and staff for supporting me to resume a new beginning in RIMS.

You all have graced us with your presence here on this special occasion

As this academic year is towards its end and we are all looking forward to a new one, let us take a look at our journey throughout the year. If you ask me my experience, yes, it was undoubtedly a roller coaster ride full of fun and excitement. I am honored to be a part of this journey and It is my proud privilege and honor to present before you my ANNUAL REPORT. Let's take a glimpse of it.

Glimpse of 2022-23

Education in totality is a combination of knowledge, development of confidence, personality, morality and responsibility towards one self, towards others, towards society and towards his or her surroundings, is what the school aims at. Every RIMSite is therefore, expected to be a complete human being with integrated personality. For that matter, the school aspires to facilitate students with as many facilities as possible for a good and modern education, bringing in their all-round development. RIMS students are confined not only to curriculum but by providing them enough room to grow physically, mentally and morally, with lots of co-curricular and sporting activities, strict regulations and discipline and plenty of leisure for fun and play, because the right education in our opinion, is the one that does not rob a child of its childhood....

Interactive classroom teaching -Learning

RIMS International School always believes and executes interactive and activity based classroom learning to intensify the student's grasping.

While these activities made them understand a concept easily and effectively.

Achievements

Achievements of today are the stepping stones for the future ones.

Achievements are a result of hard work, determination and constant efforts with positive attitude.

Academics is the soul of a school and we have many reasons to be happy on this. But Besides excelling at academics, it gives us immense satisfaction that our students also have been very active in the field of co-curricular activities.

RIMS provided many such opportunities to our children to showcase their skills at interschool and in-house competitions ranging from dancing, karate, Football, roller-skating to drawing and painting, music, etc. Our students participated and won many such competitions in each of it. Also they participated and won the Quiz competitions like weikfield quiz championship, Sahodaya Children's day quiz, Saevus ECO Achievers quiz organized by Rotary club of Pune, Times NIE fundamental quiz and many more.

Class X achievement

Felicitation is acknowledgement for the achievements done and also makes one confident when it is publically recognized.

With this intention & to boost the morale of our meritorious students passing 10th Examination were felicitated by our management. 8 of our students who has scored more than 90% of marks and the subject toppers were felicitated with a medal and certificate of recognition.

Felicitation

Everyone needs praising for good work and an achievement.

On this ground, RIMS school felicitated by MIMAMSA 2022 award for outstanding implementation of Instructional program for students.

Staff achievement

RIMS Principal and teachers also felicitated by Indian Institute of hotel Management as an eminent personalities in the field of education.

Our Art teacher is

Initiatives for the next academic year

I take the pleasure of announcement of launching of STEAM LAB in our school in coming academic year.

The effort while providing this is to introduce Students to thinking to solve problems using and interfacing technology in all different formats and thus encouraging them to not only make projects but also follow the process of IDEA - Execution through skilling, applying and research oriented frameworks.

STEAM LAB is based on the idea of seamlessly integrating Science, Technology, Engineering, Art and Math into learning based on real-world applications. STEAM lab classes are mix of fun and education designed to spark creativity and prepare children for a technology driven future.

MATH LAB is also a one of the Initiative to be taken by RIMS. It includes a simple yet entertaining equipment that teaches mathematics basic concepts in lucid form. Students are able to visualize the concepts better and build their learning on them.

School transportation

On behalf of management, I take this opportunity to declare the most awaited and essential service by Rais foundations that is our own Transportation.

In New academic year 2023-24 we will have our own fleet of buses. On behalf of all parents I would like to thank management for this essential step.

RIMS JR. COLLEGE (CBSE)

It's an immense pleasure to share with you a great news about starting a Jr. College with both CBSE board in our premises.

We are really looking forward to a great new academic year with all these new initiatives.

I am sure that we will be having a great partnership in the development of the future of the India that is our children.

My heartfelt thank you to all parents for continuous support and cooperation throughout the year in many crucial situations.

"Together we are stronger,
Together we are unbroken,
Together we can do anything!! "
